REMARKS

Claims 19-22 and 25-29 are pending. Applicants have canceled claims 1-18, and 23-24 without prejudice or disclaimer, and have added new claims 25-38. In response to the Restriction Requirement, Applicants have elected the claims 19-22, which the Examiner classified in Group VI. Support for the new claims is found in the Specification as filed, and no new matter is introduced with these new claims.

In the Restriction Requirement the Examiner indicated that the application failed to comply with 35 U.S.C. §120 because of lack of agreement between the data in the Application Data Sheet and the information in the RELATED APPLICATIONS section in the specification. The information in the RELATED APPLICATIONS section in the specification is correct, and Applicants are filing a corrected Application Data Sheet with this response. Applicants acknowledge the brief telephone conversation between Applicants' attorney Ted C. Gillespie and Examiner Addie on September 13, 2004 to discuss the Examiner's objection with respect to 35 U.S.C. §120. No references were discussed.
